How to choose the correct EWIS Target group?

EWIS Target Group 1 and 2 for:

Qualified staff performing EWIS maintenance and inspections on EWIS

For example:

- Avionics skilled workers
- Certifying Mechanics cat. B1 or B2

EWIS Target Group 3, 4 and 5 for:

Qualified staff performing electrical/avionic engineering, general maintenance/inspections not involving wire maintenance (LRU change is not considered wire maintenance), other engineering or planning work on in-service aeroplane.

For example:

- Electric/Avionic engineers
- Inspectors
- Technicians
- Mechanics cat. A
- Mechanical or Structural Engineers

EWIS Target Group 4 and 5 for:

Qualified staff performing general maintenance/inspections not involving wire maintenance (LRU change is not considered wire maintenance), other engineering or planning work on in-service aeroplane.

For example:

- Inspectors
- Technicians
- Mechanics cat. A
- Mechanical or Structural Engineers

EWIS Target Group 6, 7 and 8 for:

Other service staff with duties in proximity to electrical wiring interconnection systems.

For example:

- Aeroplane cleaners
- Cargo loaders
- Fuelers
- De-icing personnel
- Flight deck crew
- Cabin crew
